

Historical Data of Paid Tourists

The following numbers are the totals of individuals who purchased tour tickets during the periods indicated. Reclamation estimates that approximately half again as many people visit Hoover Dam but do not take a tour. This information is provided mainly to allow offerors a way to estimate the traffic and usage patterns for stocking restroom supplies.

In addition, the restroom facilities in use during the periods these numbers are based on have changed. The portable toilets are being removed from the Arizona side, and there are no longer any public restrooms in the Snacketeria.

Fiscal Year	Number of Tourists
1997	1,054,865
1998	1,075,100
1999	1,168,131
